```c
    /***     Program to Implement break Statement     ***/

#include <stdio.h>

main()
{
    int i;

    for (i=1; i<=10; i++)
    {
        printf("\n%d", i);
        if (i == 7)
            break;
    }

    getch();
}
```
